

Stargazers

The race is on to prove we're not alone.

Sci-Fi Adventure / Coming-of-Age

95 min | UK | English | 2.40:1

Written & Directed by Jonathan Brooks

Produced by United Magic Studios

Best friends Jack and Benji race to uncover the mystery of the strange signals transmitting from their town. Could it be proof of aliens living on Earth? They have three days to find out or risk being split up forever.

- **1980s-set** family sci-fi adventure
- **Commercial audience appeal** (family + nostalgia market)
- **UK setting** offering a fresh alternative to US-led genre titles
- Featuring **Tony Way** (*After Life*, *Game of Thrones*)
- Original score by **Stuart Hancock** (We're Going on a Bear Hunt)
- Independently produced with high production value

Synopsis:

In the quiet country town of Drapery Falls, strange signals are transmitting into the far reaches of space. Best friends Jack and Benji are convinced it's proof of alien life and they're determined to uncover the truth. But they're not the only ones listening. Something else has intercepted the signal… and it's getting closer. With just three days before Jack is forced to move away forever, the boys set off on one last adventure to solve the mystery, and maybe save more than just their friendship.
